

CASE REFLECTION - CLINICAL SUPERVISION AND FAMILY INCLUSIVE PRACTICE

This form can be used to:

- Structure evaluation during role plays and other supervision exercises during the workshop, where brief notes ensure comprehensive feedback is given and discussed.
- Organise a report on an example of clinical supervision, conducted post workshop, which demonstrates the supervisor's practice in family inclusive clinical supervision.

1. Brief background to case or issue brought to supervision.

2. Summary of the supervision session, considering both content and process.

6. Implications for future supervision practice, service development, Kina Trust work.

If you are completing this form as part of the post-workshop exercise:

- There is no pass or fail with this work. The intention is to ensure you take the learning from the workshop into your daily practice, reflect and learn.
- The work will be evaluated to ensure that FIP is being incorporated and that reflective practice is demonstrated.
- You will receive your workshop certificate (and 15 CEP) on completion of this exercise but will only receive feedback if there are significant concerns about your practice.
- The exercise allows you the opportunity to provide feedback and thoughts about Kina Trust's work. This will contribute to future planning by the Trustees.
